Family Stories Playing Cards

These MyHeritage Family Stories
Playing Cards are multi-use.

You can use them as a regular deck to
play any card game you like, or as a
fun conversation-starter to get your
family talking about family history.

Each card features a question or
challenge on the topic of family history
in addition to the traditional number
and suit.

Spice up a family card game by adding
in the questions and tasks, or simply
take turns selecting and reading off the
cards to get the conversation going.

Have fun!
